Mr. Colby:

Major McFarlane called at 9:27 to say that approval has been given for you to pass the material to Senator Percy.*

General Scowcroft called a few minutes later and asked that you call.

P. S. I should add that, since it was my impression from your letter to General Scowcroft that you were hoping Scowcroft would pass the material rather than your doing so, I asked Major McFarlane to confirm my understanding ~~of his message~~ that his message was approval for you to pass it rather than that General Scowcroft would pass it. I mention this because I'm hoping that is not why General Scowcroft called a few minutes later.
